

מיסודו של הגאון הצדיק רבי אריה לייב בירנבוים זצוק"ל

Rabbinical Ordination

This is to verify that the esteemed student has diligently studied the depths of Torah by day and night. His treasure is his fear of the Al-mighty and his good name precedes him like a clear bright light. Therefore, he is fitting to have the title:

Rabbi Aaron Ashkenazi

He has learned and reviewed the laws of Issur V'heter: Salting meat, mixtures of milk and meat, and forbidden mixtures. He included in his learning the Tur, Shulchan Aruch, Rama, and the many commentaries that illuminate Halacha.

He was tested for a great length of time and was able to answer questions properly on a broad level and with clarity, in a way that is focused and understood by all.

He is G-d fearing beyond his wisdom, and he is crowned with humility and proper character. Therefore, he is fitting to receive the ordination of

Yora Yora

in the above mentioned subjects

May it be Your Will, Hashem, to give success to his hands and raise him higher and higher in the world of Torah and Heavenly Fear. May he be blessed to instruct others on the Torah-true path of life. May his name go forth like the sages of old, Amen.

This Ordination is given on condition that the above student periodically reviews in order not to forget the profundity of each lesson learned.

Given on date: March 29th, 2016.
