

MATHEUS BEZERRA

Summary

Biomedical scientist with strong background in laboratorial vigilance of infectious diseases, molecular biology and oncohematology. During the master and doctorate, investigated the clinical repercussions of clonal mutations in leukemia patients. Has experience in conducting research projects in the development of new *in vitro* diagnostic tests as well in epidemiologic/genomic surveillance of infectious diseases, such as plague, COVID-19 and tuberculosis.

Skill Highlights

- Biomedical research, including cloning, cell culture, sequencing, flow cytometry, bacteriology, biosafety level-3 laboratory.
- Clinical laboratory: hematology, microbiology, immunology, lab management, quality control.
- Scientific writing and data analysis.

Experience

Biomedical Scientist - 05/2019 - current

Oswaldo Cruz Foundation (Fiocruz), Recife, BR

- Development of new diagnostic tests for infectious diseases epidemiological surveillance and laboratorial diagnosis of plague (National Plague Reference Service).
- Research in molecular biology applied to microbiology.
- Sars CoV-2 genomic surveillance.

Clinical Laboratory Specialist - 02/2015 – 04/2019

Municipal Laboratory, Jaboatão dos Guararapes, BR

- Laboratorial diagnosis of tuberculosis and leprosy.
- Epidemiologic surveillance and healthcare teams training.

Guest Scientist - 05/2017 – 07/2018

University of Basel, Basel, CH

- PhD exchange program in the Childhood Leukemia research group (Prof. Jurg Schwaller).
- Use of *in vivo* and *in vitro* models to investigate the molecular mechanism involved in leukemogenesis.

Clinical Laboratory Specialist - 0/2017 – 07/2018

Hospital Esperança D'or, Recife, BR

- In charge of blood exams form the hospital routine, including hematology, biochemistry, immunology, urinalysis and quality control.

Professor - 01/2013 – 12/2016

Faculdade Integrada de Patos, Patos, BR

- Professor at the specialization course in hematology

Additional Information

- Reviewed manuscripts at: Frontiers in Microbiology, Immunobiology and Integrative Zoology.
- Participation in graduation / master / PhD examination committees.
- Participation in local and international conferences
