Dear Cristina Gina,

On behalf of NAATI, we are writing to you to confirm that you have satisfied the requirements to be awarded a Certified Translator French into English credential.

This credential is suitable for the nominated occupation of Translator (ANZSCO Code 272413) for migration purposes.

Whilst holding this credential, the following conditions apply:

- NAATI reserves the right to validate any of the information I have supplied, if deemed necessary.
- NAATI may disclose to people and organisations (to verify credentials, including via an online verification tool) my name, NAATI credentials, expiry date and state.
- Ongoing certification is contingent on ethical behaviour, as outlined by the AUSIT Code of Ethics, and meeting the recertification criteria.
- NAATI will periodically review the certification system and this may result in changes to the recertification requirements.

If, at any time, NAATI considers you to be in breach of these conditions, NAATI may counsel you in relation to your professionalism and/or cancel your credential.

NAATI certification primarily exists to give consumers of translating and interpreting services confidence in the quality, credibility and currency of a practitioner. It is an acknowledgement that you have the ability to meet the professional standards required by the translation and interpreting industry in Australia.

Congratulations once again.
